The Venue

Kuala Lumpur Convention Centre is located at the heart of the Kuala Lumpur City Centre (KLCC) development precinct in the capital city of Kuala Lumpur. Designed as a "city within a city" this 40-hectare site offers a stimulating environment within which one may work, live, shop, visit and enjoy life. The component parts are arranged around the KLCC Park designed by Roberto Burle Marx.

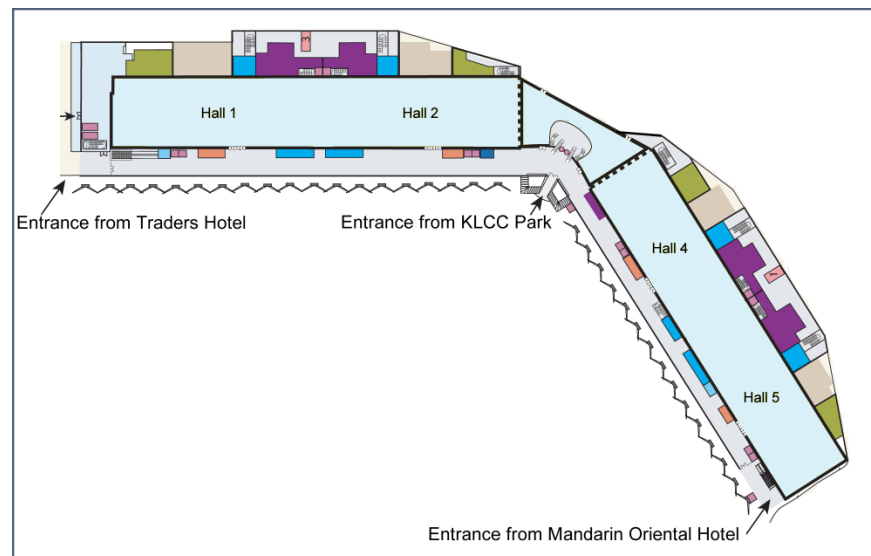

Completed projects include the signature PETRONAS Twin Towers, the Asy-Syakirin Mosque, the Suria KLCC shopping centre, PETROSAINS, an interactive science discovery centre and the Galeri PETRONAS as well as the Dewan Filharmonik PETRONAS, home of the Malaysian Philharmonic Orchestra. Commercial property and service plants complete the area.

The Exhibition Halls offer 9,710 sqm of flexible column-free, contiguous space. The 9.3m ceiling height, direct vehicle access, under-floor services along with a high floor loading (20KN/m²) make this space ideal for exhibitions and expos, whether supporting large conventions or as stand alone events. With mobile ceiling grids, a festive atmosphere can easily be created for larger banquets.
