HEAR FROM OUR EXHIBITORS

"It's a great opportunity to catch up, not just with our customers, but with the farmers, and to find out what's going on in the industry. Also get to know a cross section of the people working in the industry, to have them tell us what they're frustrated about, and to see how we can help them with the offerings we have that could support their business aims."

DOMINIC ELFICK
MARKETING MANAGER
AVIAGEN ASIA PACIFIC LTD

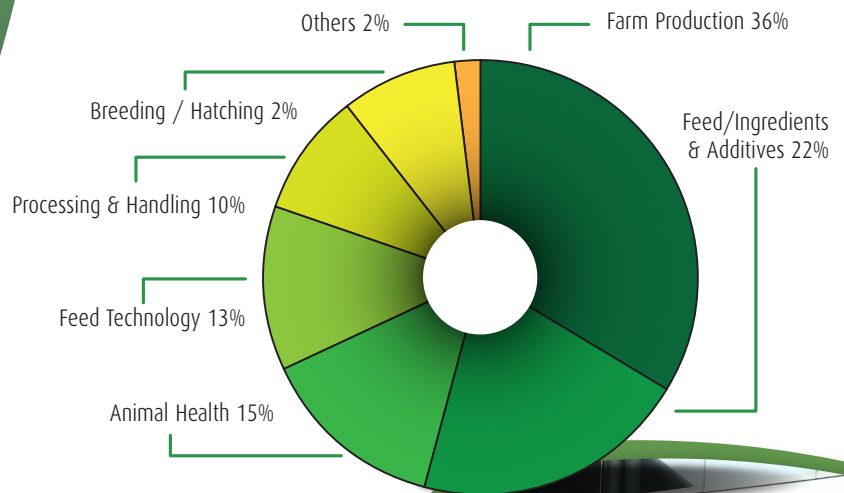

"I think ILDEX has always been a good show because there are quality leads, and it's great to meet with the top integrators as well as the management. We see it as an ongoing platform to continue building our relationships and partnerships with local producers."
